### WHAT IS A DELMONICO STEAK?

- ◆ Cut from an area in the Chuck Roll that's right next to the ribeye, the Delmonico is a new steak that truly keeps good company.
- ◆ Since it's cut from such a juicy, tender area, it shares many of the same attributes of higher priced steaks.

### THIS STEAK OBVIOUSLY LEARNED FROM ITS PEERS.

- ◆ A hit at almost any eating occasion, the Delmonico bursts with rich, beef flavor.
- ◆ Tied before grilling, it makes for a 4-star plate presentation - worthy of any steakhouse.

### IT'S TIME THE DELMONICO KEPT GOOD COMPANY WITH YOU.

- ◆ Both affordable and delicious, the Delmonico promises some of the best margins around.
